Warrant for Annual Meeting

THE STATE OF NEW HAMPSHIRE

To the Inhabitants of the Town of Lyndeborough, in the County of Hillsborough in said state, qualified to vote in Town Affairs:•

You are hereby notified to meet at town hall in said Lyndeborough on Tuesday, the 10th day of March next at ten of the clock in the forenoon, to act upon the following subjects.

1. To choose all necessary town officers for the year ensuing.

2. To see if the town will vote to raise and appropriate the amount of money necessary to secure state aid for permanent improvement of highways under the law passed at the January session, 1905.

3. To see how much money the town will vote to raise and appropriate for the repair of highways and bridges in addition to that required by law.

4. To see how much money the town will vote to raise and appropriate for the J. A. Tarbell library in addition to that required by law.

5. To see what sum of money the town will vote to raise and appropriate for Memorial Day.

6. To see what sum of money the town will vote to raise and appropriate for support of street lights at South Lyndeborough, or act anything thereon.

7. To see what sum of money the town will vote to raise and appropriate for cutting bushes beside the highway, or act anything thereon.

8. To see if the town will vote to raise and appropriate money for the control of Pine Blister rust, to be spent in cooperation with the state, or act anything thereon.

9. To see if the town will vote to observe Old Home Day, or act anything thereon.

10. To see if the town will vote to raise and appropriate the money necessary to paint Town Hall and make other necessary repairs or act anything thereon.

11. To see if the town will vote to instruct the selectmen to borrow money in anticipation of taxes.

12. To see if the town will vote to instruct the tax collector to make a discount on all taxes paid before a certain date, or act anything thereon.

13. To see if the town will vote to allow the selectmen to distribute inventory blanks at time of taking inventory April first.

14. To see what sum of money the town will vote to raise and appropriate for the oiling of the state road beginning at Wilton line, or act anything thereon.

15. To see what sum if any, the town will vote to raise and appropriate to contest the proposed discontinuance of the Manchester and Keene railroad and a part of the Peterboro railroad, or act anything thereon.

16. To see what sum of money the town will vote to raise and appropriate for the better preservation of the town records, or act anything thereon.

17. To see if the town will vote to throw up the road from Albert Mason's shed to the road leading from Mrs. Tay's to Harry Richardson's, or act anything thereon.

18. To see what sum of money the town will vote to

raise to defray town charges for the ensuing year and make appropriation for the same.

19. To transact any other business which may legally come before said meeting.

IRA R. BROWN

OLIVER HOLT

FRED P. RICHARDSON

Selectmen of Lyndeborough.

garet Schmidt, Louise Eastman, Guy Reynolds.

REPORT OF SUPERINTENDENT OF SCHOOLS

To the Board and Citizens of Lyndeboro :

I submit my second annual report as Superintendent of Schools.

School Organization

Four of your five teachers are the same as were employed last year, the only change being at Perham Corner. Miss Sibley asked for release from her contract during the summer in order to attend college, and we secured in her place Miss Helen Stone who was graduated from the Wilton High School last June and took the special six-week summer course at the Keene Normal School. The enrollment in all of the schools in the Fall was practically the same as last year, but the school at the Centre has been reduced to six pupils at the present time. The attendance has been rather better this Fall than it was a year ago except at the Perham Corner school and the Centre. We have not as many tuition pupils as last year, one at the North School and four at Johnson Corner. Good progress appears to be the rule in all of the schools.

Supervision

The chief function of the Superintendent of Schools is of course to supervise the work of the teachers, and this is accomplished chiefly in two ways: by visits to the teachers at work, and by means of standard tests. The statistical report which follows shows a total of 80 supervisory visits during the school year, or an average of 16 visits per teacher. It would be desirable if this average could be increased but a large proportion of the Superintendent's time is necessarily taken up with administrative duties. During the past school year about 42% of my time was devoted to school visiting; about 38% to office work which included the study of standard tests referred to above; about 13% to other administra-

tive duties within the Supervisory Union; and about 7% to administrative duties that took me away from the Union.

The same standard tests have been given this year as last year, and cover the subjects of arithmetic, reading, spelling, writing and language. Detailed study of the results enables the supervisor to know with considerable accuracy the quality of teaching being done, and enables him to make suggestions to the teachers on the basis of definite facts.

Medical Inspection

The annual medical inspection was carried out in October by the new school nurse, Miss Lucas, and the results will be found in her report which follows this report.

Repairs and Improvements

During the summer the Centre and Perham Corner schoolhouses were shingled and painting was done on the interior of the Perham Corner and Johnson Corner schoolhouses. A jacketed stove was placed in the Centre schoolhouse. Other minor repairs were taken care of as usual. Three of the schoolhouses are now in very good condition and meet the requirements of lighting, heating and ventilation. The sanitary requirements seem to be fairly met at all of the schoolhouses. The painting of the walls and ceiling at the Johnson Corner schoolhouse with light colors has improved the appearance of the room as well as helped to make it lighter. The arrangement of the windows there is not of the approved type and this matter should be provided for as soon as practicable and the same condition at the North School should be remedied when possible. The stoves in both of these schools should be jacketed so as to give better ventilation and a more even distribution of heat. The jacketed stoves in other schools are very satisfactory. I believe the general policy that has been

followed in the past should be continued so that these improvements in the school buildings will be accomplished within a few years.

I have no special recommendations other than these just suggested under repairs and improvements.

Let me express again my appreciation of the loyal and effective work of the teachers, the constant support and cooperation of the School Board and the interest of the people of Lyndeboro in the schools.

Respectfully submitted,

VERNON S. AMES,
Superintendent of Schools.

REPORT OF THE SUPERVISOR OF MUSIC

To the Superintendent of Schools:

I am submitting my second annual report as Music Supervisor in the town of Lyndeboro, New Hampshire.

The work accomplished in music has been along the usual lines. Additional books of the New Educational Music Series were placed in the hands of the scholars who had none. "The One Hundred and One Best Song Books" were introduced at Johnson Corner, the children paying for them themselves. Special songs were learned by the students of South Lyndeboro school for the graduation exercises in June. All the schools had songs for their Christmas entertainments.

I want to thank the School Board and Superintendent for their cooperation.

Respectfully submitted,

MARION A. KING FITCH,
Supervisor of Music.

REPORT OF SCHOOL NURSE

To the Superintendent of schools :

I herein submit my report for the first four months as school nurse in the town of Lyndeboro.

I feel that the people of Lyndeboro are well aware of the importance of keeping their children in good physical condition as has been demonstrated by their readiness in having the defects in their children corrected as soon as brought to their attention. I find most of the pupils in the schools are in very good physical condition.

The Junior Red Cross has been organized in three of the schools, and as there is a very good health program connected with it, the teachers and pupils are responding with much enthusiasm in the work. In two of the schools a plan for the serving of a hot lunch is being carried out. I would like to have established in all the schools some plan for the serving of a hot dish at the noon hour to the pupils that bring their lunch. There have been and still are a few pupils that are quite a little underweight and I feel that this would help bring them up to standard in weight and health.

Class room inspections have been made twice a month when possible in the schools for infections and skin diseases, pediculosis, uncleanliness, defective teeth, poor nutrition, nervous disorders, flat feet, crooked spines and poor posture.

Health talks have been given when school visits have been made on correct posture, the care of the body and hair, the prevention of colds and other diseases, the importance of good food habits, fresh air and the care of the teeth and mouth.

It has been most gratifying to find so much response and interest shown by the teachers and pupils in health

work and also by their parents, as has been shown in the homes where visits have been made.

Most Respectfully submitted,

GRACE LUCAS, R. N.

School Nurse.

STATISTICAL REPORT

Number of pupils with defective teeth	30
Number of pupils with defective vision	3
Number of pupils with defective tonsils	11
Number of pupils with defective adenoids	1
Number of pupils unvaccinated	4
Number of pupils with malnutrition	4
Number of pupils anaemic	1
Number of pupils with 3 defects	3
Number of pupils with 2 defects	6
Number of pupils with 1 defect	32
Number of pupils with 0 defects	24
Corrections made in 1923-24	51
Number of pupils examined	65
